Certificate of Appreciation

I would like to take this opportunity to convey my deep sense of appreciation to Mr Shraman Sinha Ray, for his inspiring role as faculty at Convergence Institute of Media Management and Information Technology Studies (Commits), where he started teaching since 2020.

He was the course director for subjects like Digital Imaging and Modelling, Design Communication and Multimedia Design. Shraman is extremely creative, and has an imaginative mind, which he transfers to his students seamlessly, thereby getting everyone excited about design.

Shraman has always been passionate about sketching, artwork and creative design. His exposure to Design, and his professional stints as Creative Visualiser at Tesseract Experiential Marketing, Design Team Lead with Trell, Senior Designer with Livspace, Design Lead with Ikea, and Art Director with MediAssist, all of which are well known corporate brands in India and globally, covering a wide array of sectors such as advertising, experiential marketing, product design, web user interface, amply highlight his creative mind, and experience, all of which reflect in his interactions with students.

Shraman firmly believes that design should be a creation of one's soul, and is clear about his teaching objective, that is to make students to 'think creatively through design'. Especially after studying an advanced Master's programme in Visual Arts, I believe that he has all the qualities to make an inspiring teacher in visual arts and creative design.

Shraman is soft-spoken - in fact he allows his artwork and design to speak louder - and has good people skills. He has always shared a good rapport with his teachers, employers and colleagues. He has a pleasant temperament, cheerful countenance, and his ability to willingly share responsibility makes him a competent team player. Shraman has studied and researched about Visual Arts and Design, drawing inspiration from the work of some of the best artists and designers, understanding their ways of expression and use of colours and lines. Some of his work have been greatly appreciated and awarded.

I would gladly recommend Mr Shraman Sinha Ray to any institution that wants to hire him as a teacher in the areas of Visual Arts, Design Communication, Creative Multimedia Design and Digital Imaging for graduate students.

To Whom It May Concern:

Dr. Rahul Banerjee plans to return to my research laboratory as a full time postdoctoral research associate on a J1 visa under the Research Scholar category, with a start date of September 1, 2020. As part of a research team working to help mitigate the serious impacts of citrus greening on global citrus production, this project has direct application to agriculture and crop protection. As Dr. Banerjee's presence is critical for progress on the project, I request that his VISA interview be considered as an "Emergency /Expedited VISA interview" under the current circumstances. His arrival at the earliest opportunity is essential for the success of this project, which is funded by the U.S. Department of Agriculture.

Thank you in advance for your consideration of this request.
