Back to Nature

*Books! 'tis a dull and endless strife:
Come, hear the woodland linnet,
How sweet his music! on my life,
There's more of wisdom in it.*

*And hark! how blithe the throstle sings!
He, too, is no mean preacher:
Come forth into the light of things,
Let Nature be your Teacher.*

*One impulse from a vernal wood
May teach you more of man,
Of moral evil and of good,
Than all the sages can.*

*Sweet is the lore which Nature brings;
Our meddling intellect
Mis-shapes the beauteous forms of things:
We murder to dissect.*

*Enough of Science and of Art;
Close up those barren leaves;
Come forth, and bring with you a heart
That watches and receives.*
