All the images in this collection have been captured by our students through the lenses of their cameras. They have captured the moments with their own hands, that are yet to gain perfection.

But we strongly believe that these talented individuals will one day transform into capable professionals and enrich the world of photography with their fresh ideas and wonderful creations.

We are eternally indebted to Mr Ashoke Majumdar, Mr Shib Shankar Datta and Mr Rajjyeswar Saha, Ms Bandana Basu for their compassionate guidance to the students.

Through this album we have tried to give them a medium to communicate their thoughts and imaginations to the world outside and give them a hint of their sincerity and determination to grow into matured photographers of tomorrow.
