State-government aided Vivekananda College, Thakurpukur, recently earned an A+ Grade accreditation from NAAC, awarded with a commendable CGPA of 3.28.

This honour comes at a time of special significance as the college is celebrating its Platinum Jubilee year.

The college was originally established on August 21, 1950. It was once known as Barisha College.

“

The recent NAAC Peer Team visit on January 13 and 14, initially conferred an A Grade.

"However, following rigorous DVV clarification and online re-evaluation, the score was rightfully upgraded to A+ on 18th July 2025 — a moment of immense pride for the entire college fraternity," the college said in a statement.
